

Weekly Report

Battery Management Systems

Week: 21/04/2014 to 25/04/2014

Advisor: Armando Sousa Araújo

Student: Sónia Carina Lopes da Costa

WORK DONE

- Solving the problems that led to non-convergence of the filter.
- Tests with continuous and pulsed currents.

DIFFICULTIES

- No occurrence.

MEETINGS WITH ADIVOR AND FUTURE WORK

- Work for next week: route type normalization. Perform tests to measure the open circuit voltage.
